EDUCATION

- **MASTER OF COMPUTER APPLICATIONS**

KMM College of Arts and Science, Thrikkakara
2025-Pursuing

- **BACHELOR OF COMPUTER APPLICATION**

St Joseph's College irinjalakuda
2022-2025

SKILLS

Technical Skills: Web Technologies:

- Languages
 - HTML5,
 - Python
 - CSS3
- Java
 - JavaScript Django
- C
- PHP

Version Control & Databases

- Tools**
- MySQL
 - Git
 - SQLite
 - GitHub
 - PostgreSQL
 - VS Code

Framework

- Django

Core Concepts

- Oriented Programming (OOP)
- Data Structures & Algorithms • Database Management Systems (DBMS)
- Software Development Life Cycle (SDLC)

- **Soft skills**

- Team Collaboration
- Communication Skills
- Problem Solving
- Eagerness to Learn
- Adaptability
- Time Management
- Communicati on Skills
- Persistence

OBJECTIVE

Motivated MCA student with hands-on experience in software development through internships and academic projects. Skilled in Python, Java, PHP, SQL, HTML5, CSS3, JavaScript, Django, and database management. Strong foundation in Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Database Management Systems (DBMS), Git, and Software Development Life Cycle (SDLC). Passionate about building scalable software solutions, continuously learning new technologies, and contributing effectively as a Software Engineer or Full Stack Developer

WORK EXPERIENCE

Emdeon Digital Services Private Limited, Kakkanad, Kerala May/2/ 2024 – May/31/ 2024

PROJECT INTERN

- Developed responsive web applications using Python, Django, HTML, CSS, JavaScript, and SQL.
- Assisted in application development, testing, debugging, and database integration.
- Collaborated with senior developers to improve application performance and follow software development best practices.

ACADEMIC PROJECTS.

EcoScrap – Smart Scrap Management System

Technologies: PHP, MySQL, HTML5, CSS3, JavaScript, Bootstrap 5

- Engineered a web-based scrap management system with secure authentication and role-based access.
- Integrated QR code verification, pickup request workflow, and status tracking.
- Optimized MySQL database operations for efficient request management.
- Designed responsive interfaces using HTML5, CSS3, JavaScript, and Bootstrap 5.

Victory Sports Academy – Football Academy Management System

Technologies: Python, Django, MySQL/PostgreSQL, HTML5, CSS3, JavaScript

- Built a centralized football academy management system using Django.
- Developed modules for player management, attendance, and performance tracking.
- Implemented secure authentication and database-driven dashboards.
- Designed responsive interfaces with HTML5, CSS3, and JavaScript.

Migration Community- Community Resource & Job Portal

Technologies: Python, Django, SQLite, HTML5, CSS3, JavaScript

- Created a Django-based community platform connecting users with jobs, education, and local resources.
- Integrated secure authentication and SQLite database management.
- Designed responsive web interfaces for cross-device accessibility.
- Collaborated on feature development, testing, and debugging.

CERTIFICATIONS

- Diploma in Web Designing
 - July 2022
- Diploma in Multimedia – C-DIT
 - August 2023
- AWS Cloud Practitioner Essentials
 - August 2026
